AYCC Update – Phyllis

Policy and procedure manual passed out, for review. Phyllis passed out the table of contents for all to review. Phyllis summarized procedure manual. Discussion of safety issues when clinicians are at AYCC by themselves. Restraint policy reviewed.

Phyllis gave breakdown of clients - 35% children, 35% adults, 35% over 12 (adolescents)

Client satisfaction survey – We will now be giving out the survey for all clients and asking them to take a few moments to complete. All surveys will be put in a large envelope so they will remain anonymous. Review of satisfaction survey and questions from members. Suggestions will be added.

Semiannual quality management results (handout) – Phyllis reviewed the Quality Management document. Many of the tasks are completed. Phyllis is working with staff on electronic medical records, remote meeting possibilities, fundraising and grant writing strategies.

Claims are being collected but there are a handful that are particularly difficult to collect. Working on how to collect - there are various reasons that make them difficult.

Still trying to get Tufts approval. Representative is coming out to do survey. Follow up with Tufts needed. Phyllis is having trouble still with the accreditation. Christine to follow up.

Motion to accept all 3 documents with changes - Policy and Procedure Manual, Client Satisfaction Survey, Semi Annual Quality Management by Joan R. Lori seconded - all in favor. All three documents accepted.

Linda S. gave an update of work in the schools – AYCC has clinicians in AHS, two elementary schools (Hardy, Thompson) and currently speaking to Peirce. Same as seeing clients at AYCC. Money comes from the school department if unable to collect. Able to file for billing and there is a pool of money from the school department if unable to collect. The requirements (for billing) include a 45 minute session and a private room, sometimes it is difficult to fulfill requirements in the school setting.

Phyllis is making sure that there is a balance of staff, work, paperwork, and infrastructure in order to support the agency before adding additional workload.
